April 24, 1962

MEMORANDUM TO: Users of 1401 Autocoder System

SUBJECT: 1401 Autocoder System, Program #1401-AU-037,
                Version 3, Modification Level 2

This modification letter has been prepared for distribution to all
users of the 1401 Autocoder System and contains changes to
Version 3, Modification Level 1 of that system. These change cards,
enclosed, listed and identified below (Attachment #1) are to be
inserted in the system deck as follows:

Card Number (Cols. 72-75)   Place between cards in system deck
-------------------------   ---------------------------------
      C005   0067-0068
      C006, C007   0294-0295
      C008   0350-0351
      C009, C010   0381-0382
      C011 to C030   C001-0454
      C031, C032   C002-0499
      C033   0523-0524

      C037   0968-0969

Card C005 places a WORDMARK after the R 056 instruction in the
OVLAY macro.

Card C006 interchanges the 006 and 046 DIOCS parameters.

Cards C007, C009, C032, and C033 initialize error halts in the general
Tape Read/Write Routine.

Cards C008 and C011 initialize the halts in Pass 2 to correspond to
the Autocoder (Version 3) manual.

Cards C010 and C012 through C030 correct the discrepancy in which
a CALL Statement within a CALL or INCLD statement was not
handled properly by Autocoder.

Card C031 defines the condition in which a CODE 1 in column 26
of the control card indicates the presence of the READ-PUNCH
RELEASE FEATURE.

Card C037 corrects the error condition resulting from a unique use
of an ORIGIN with a blank operand.

We appreciate your cooperation in making these changes. A list of
the material distributed with this letter follows:

Item No.	Contents
1	33 cards (designated as C005, C006, C007, etc.)
2	Attachment #1 - listing of change cards
3	Attachment #2 - symbolic changes to Autocoder listing

Initial requests for this system which are filled after the date of this
letter will not include the cards itemized above, as there cards are
included in the system deck as corrections. However, the Autocoder
listing does not include these corrections and should be corrected by
the user by referring to attachment #2. Any discrepancy between the
material received and the above list, as well as any errors in card
reproduction should be directed to the attention of the Manager of
the Program Information Department, IBM, 112 East Post Road,
White Plains, New York.

Continued reporting of any difficulties encountered in using 1401
Autocoder will be appreciated.

                         GP Applied Programming
